

BC Treaty Commission
FIRST NATION (INTERNAL) WORKPLAN TEMPLATE
STAGE 5: NEGOTIATION TO FINALIZE A TREATY
OR HIGHLY ADVANCED NEGOTIATIONS

This is intended as a starting point for consideration by First Nations engaging in Stage 5 activities via the six-stage negotiations process, in highly advanced level negotiation activities via an incremental approach, or any combination thereof.

SUMMARY

This section will outline the work the First Nation will engage in over the term of the agreement. First Nations are required to submit workplans that are of the same duration as their funding agreements, and these workplans need to be updated on an annual basis. First Nations are also encouraged to include working groups, other side tables, potential Treaty Related Measures (TRM) proposals, and status of potential or existing Incremental Treaty Agreements (ITA).

AREAS OF WORK

This template contains possible areas of work for consideration in a workplan. For example, areas of work may include – but are not limited to – negotiations to finalize a treaty, community engagement, best efforts to resolve overlap/shared territory issues with neighbouring First Nations, agreements and other constructive arrangements, other treaty/tripartite reconciliation related work, governance transition plan and Nation building, chapter work, and closing plans. Governance Transition Plan & Nation Building and Closing Plans are included to maintain momentum and planning for finalization of negotiations. These suggestions are intended to be used as a starting point to identify work for advancing negotiations at the table.

Under each area of work, First Nations may identify initiatives, deliverables and/or milestones to track progress. Some of these suggested areas of work may be better suited to the Tripartite Workplan.

DELIVERABLES

Deliverables should identify the intended/projected outcomes of each area of work. For example, a deliverable of youth engagement initiatives may be an increase in youth participation in treaty/tripartite reconciliation discussions.

TARGET FREQUENCY

This is the intended frequency of an initiative. For example, a newsletter may have a target frequency of every two weeks, and a social media strategy may have a target frequency of once a week.

RESPONSIBLE PARTIES

Please include the titles of individuals or departments who will execute an identified task. For example, the development of a membership list may include a Treaty/Tripartite Reconciliation Coordinator, a Self-Governance Manager, and/or a Communications Coordinator.
